# THE BEACONITE

of 1964

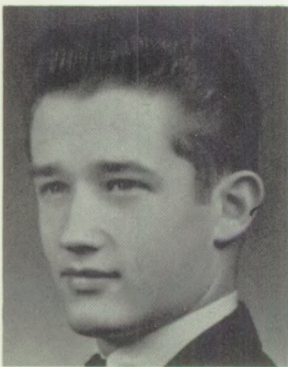

Published by the Journalism Class of  
Johnston Consolidated School  
Johnston, Iowa

The Journalism Class of 1963-64 brings you the faculty and the students of Johnston High School, a resume of all the past activities and past students for this school year. We feel this year has been a complete success and we offer this book as a reminder of those hallowed moments.

It is our hope that in future years you will look upon these pages and recall memories that have become dim since graduation. We sincerely wish good luck to all who read this Beaconite.

## CONGRATULATIONS TO THE CLASS OF 1964

You have opened the door to the adult world and you are confident, eager, and anxious to pass through and find success.

The nation has placed the responsibility on all of us to produce and secure a good society. This responsibility can be carried out if we have personal integrity, honesty, and self discipline.

It is my sincere hope that you have developed a system of moral and spiritual values so you can meet your responsibility of making this nation a better place to live.

Congratulations to the Senior Class from the faculty and administration of the Johnston Consolidated School.

To too many people the idea of graduation means the end of something. The end of your high school days, the end of being a child, and the end of many other things.

I would rather you would think of this as the beginning. You are now ready to take your first hesitant steps into the world of adults. The first steps toward finding the notch that is your place in the adult world. The first step toward being an adult with capabilities of making our world a better one.

It is our hope as teachers that we have provided you with the foundation to make these first steps more meaningful.

This good looking 5' 9" Senior of '64 was our foreign exchange student from Australia.

Geoff has attended some 35 meetings in which he expressed his feelings about America and talked about his much loved Australia.

Swimming is his favorite sport, but he also liked football and basketball--"basketball especially."

Asking him to generalize his feelings of America he referred to a prologue of Eric Knight's 'ALL YANKEES ARE LIARS' it goes

You can always tell the Irish,  
You can always tell the Dutch.  
You can always tell a Yankee;  
But you cannot tell him much.

In regards to his stay at Johnston, Geoff had only this to say, "It has been the most wonderful year of my life. I will never forget Johnston and the kids; they'll always be a part of me."

Our student council this year has worked hard to better student relation. They sponsored a Get Acquainted Dance in the fall, a Football Homecoming, a coke machine and the paid assemblies.

Their President is Tom Leffler, Vice-Pres, Jean Lowery, Secretary, Sharon Higen, Treasurer, Leland Seibert.

The Council has worked very hard and efficiently to co-operate with the administration.

The student council has the following powers:

To tax equally all the classes for all-school activities such as Homecoming.

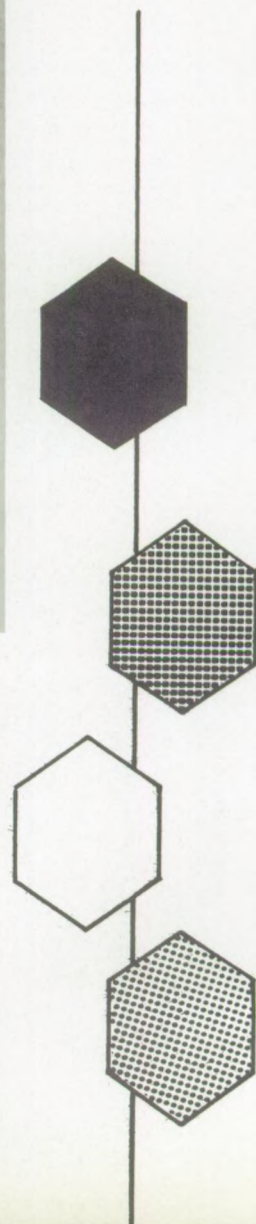

To sponsor means of making money for the student council treasury.

To promote and aid production in all-school activities.

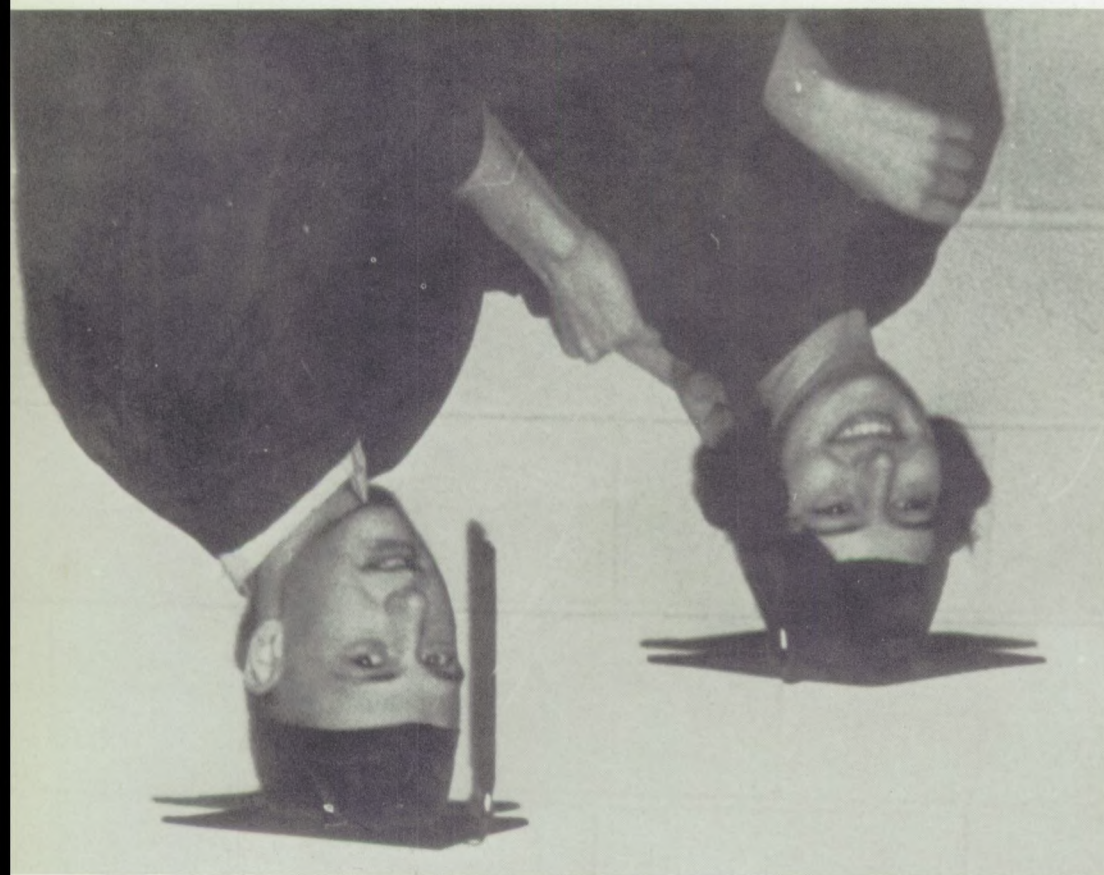

To recognize all school clubs.

To question any activities made by an individual or group at Johnston.

The Library Staff devotes their time each day  
to help Mrs. Keeton run a more efficient library  
for the student body.

# Future Teachers

From left to right, First row: M. Grimes, J. Alms, J. Dickerson, G. Bullis. Second row: K. Holsied, M. Leffler, K. Leonard, K. Brust. Third row: J. Harmon, J. Warne, M. Law.

The Future Teachers Club is composed of eleven members, all of whom are interested in teaching as a career.

Every month the club meets to hear a member of the faculty tell of his experiences as a teacher.

Once a week the girls go over to the elementary building to teach classes. By doing so they gain valuable experience in the field of teaching.

The class officers are Mary Grimes, President; Gail Bullis, Vice-President; Joyce Harmon, Secretary-Treasurer.

# Future Medical Careers Club

To become a member of the Honor Society a student must be at least a sophomore and have been enrolled in Johnston High School the major part of one semester and received one set of semester grades from Johnston High School.

The following point system is used to determine the academic standing of students in the Johnston Chapter of the National Honor Society.

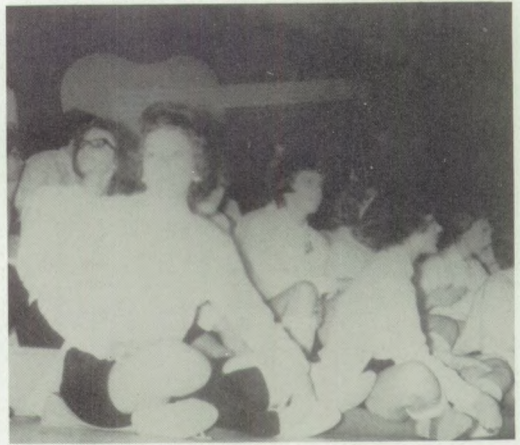

A = 4  
B = 3  
C = 2  
D = 1

All the students pictured above have shown proof of their ability.

## **Where does education end?**

Everybody knows  
where education  
begins.

It begins  
with that first  
hungry search  
for nourishment,  
and it goes on  
through that first word  
and that first step  
and that first painful  
punch in the nose.

It grows taller  
as it grows familiar  
with letters  
and numbers  
and names of things  
and names of places,  
and answers increasingly  
more who's  
and what's  
and where's  
and why's  
and how's.

Everybody knows  
where education begins,  
but nobody knows  
where education ends —  
especially yours,  
except you.

And where your  
education ends  
depends mostly on you  
and how well you  
want to be able to answer  
questions like these —  
plus one more question, too,  
asked ever so frequently —

"What can you do  
for me?"

**YOUR NATIONAL GUARD**

Proud of its record of service to the Nation and State, the National Guard encourages the voluntary military service of young Americans. It preserves the militia concept of the citizen-soldier who trains in times of peace that he will be prepared--and that we as a nation will be prepared--to fight against those who deny our people of their most cherished possessions--freedom and the dignity of man.

While our National Guard has kept pace and trains now with the most advanced and complex weaponry of war, its citizen-soldiers are fired by the same ideals, and the same desire of freedom as inspired those militiamen, who drilled on the village green so many decades ago.

In official tests, and in actual  
laying flock performance records

# HY-LINE LAYERS RANK FIRST IN 3 FACTORS THAT MAKE MONEY

No matter what your stake in the egg business, Hy-Line layers mean higher profits for you. Here's proof from official unbiased tests and from records on a quarter million Hy-Line layers in commercial egg operations.

Hy-Line layers ranked first in feed efficiency, laying house livability, and hen-housed egg production in the official 2-year (1961-62 and 1962-63) USDA Combined Summary of all Random Sample Tests. And Hy-Line layers averaged 18 more large and extra large eggs per bird than the average of other layers in the tests. What's more, they led all other brands of white egg layers in income over chick and feed cost.

There's more proof of Hy-Line performance in the records of down-to-earth, practical poultrymen who kept records on 121 flocks totaling a quarter-million Hy-Line layers. These Hy-Line flocks averaged 269 eggs per bird, had a livability rate of over 93% and a feed conversion ratio of only 4 1/4 lbs. of feed per dozen eggs. So, whether it's official test results or actual performance records of Hy-Line flock owners, take a tip from the records on Hy-Line layers. If eggs are your business, look to the profit-making opportunity bred into Hy-Line chicks. Hy-Line Poultry Farms, Des Moines, Iowa.
